Subject: Kindergarten Readiness Pilot & Upcoming Kindergarten Program

Dear Head Start Families,

We're excited to share two important updates!

From **April 13 through May 21**, we will run a **Kindergarten Readiness Pilot** in our Pre-K 3 and Pre-K 4 classrooms. This pilot focuses on **daily attendance** to support your child's learning and school readiness. Regular attendance helps children:

- Build strong learning routines
- Stay engaged with classroom activities
- Develop skills for a smooth transition to kindergarten

Your child will continue their **regular classroom activities** with extra support to strengthen attendance habits and foundational skills. Please help us by ensuring your child attends each day and arrives on time. If your child must be absent, notify their teacher or the front office.

Looking ahead, in **Fall 2026**, PCI will launch a **Kindergarten program** at two of our sites! This program will build on Pre-K learning, focusing on:

- Foundational literacy and math skills
- Social-emotional growth
- Individualized support for a confident start in school

There are **no changes** to your child's current schedule—just more ways to help them succeed. More information and details coming soon!

Thank you for your support and partnership in your child's growth!

Sincerely,

Dr. Sharon Small
